You are invited to advertise in the North Dakota Winter Show catalog. Ads are due December 1 at the office of:

Secretary-Manager  
North Dakota Winter Show  
Box 1006  
Valley City, North Dakota 58072

## 1976 Crops Show Dedicated to Dr. Glenn S. Smith

The 1976 State Crops Show is dedicated to Dr. Glenn S. Smith, plant breeder, teacher, graduate student advisor and former administrator at North Dakota State University. During his career as a plant breeder, NDSU released four durum varieties and three hard red spring wheat varieties. Durum varieties included Carleton, Stewart, Stewart 22, and Venum. Hard red spring wheat varieties included Conley, Justin, and Dakuru. Smith made the original cross that resulted in Nugget Durum and Waldron Wheat. Justin and Waldron make up over half the acreage of hard red spring wheat grown in North Dakota.

Smith was named a Fellow in the American Society of Agronomy in 1963 and to the Faculty Lecturship, the highest recognition to a faculty member by North Dakota State University in 1965. His scientific interests include wheat breeding, genetics, pathology and quality.

He was Associate Dean of the College of Agriculture and Associate Director of the North Dakota Agricultural Experiment Station from 1947 through 1951. He was the first Dean of the Graduate School at North Dakota State University, serving from 1954 until his retirement from administrative responsibility in 1973.

Smith has devoted his entire life to the service of North Dakota. Born at Antler, he grew up in Dickinson, where his father was an agronomist on the staff of the Dickinson Branch Experiment Station. Smith received his B.S. from the then North Dakota Agricultural College, his M.S. in agronomy from Kansas State and his Ph.D. in plant breeding from the University of Minnesota. Except while pursuing his advanced degrees and for brief leaves of absence to act in an advisory capacity to agronomy programs in Washington, D.C., and in Mexico, he has spent his entire life in North Dakota.

### Rules and Regulations for Exhibitors

#### (All Divisions)

1. Any resident of North Dakota may be an exhibitor, but no person shall be permitted to enter more than one exhibit in any lot except lots 9 and 12, nor shall more than one member of the same family living on the same farm be permitted to enter directly in each open class lot except 9 and 12.
2. All exhibits must have been grown in the State of North Dakota in 1975 by the party entering the exhibit.
3. Entries will not be accepted after 10:00 A.M., Friday, March 5, and judging of open classes will begin at 1:00 P.M. on that date.
4. Exhibitors must state on the entry blank the class, lot number, and the kind and variety under which the entry is to be judged. The officials in charge of exhibits or the judges, reserve the right to make any corrections in class or lot numbers in case of errors. Entries winning first prize will be automatically entered in competition for special awards if such awards are offered for that particular entry.
5. The Crops Show management will not be responsible for loss, damage or mixture of any entry, but will exercise reasonable precaution at all times.
6. All samples must be properly labeled both on the outside and inside of the container. Entry blanks should accompany all samples and must be signed.
7. **All samples become the property of the North Dakota Winter Show and will not be returned.**
8. The following minimum quantities will be required for all entries in the open class, Seed Producers Display and 4-H and FFA Divisions:  
**FOUR QUARTS (1 Gal.)** Wheat, Durum, Oats, Barley, Emmer, Rye, Peas, Beans and Shelled Corn.  
**TWO QUARTS**—Flax, grasses, small seeded legumes, millet and seeds of similar size.

# HARD WORK MAKES A CHAMPION

A champion is the best, and it takes dedicated hard work to be the best. For over 90 years, North Dakota railroads have helped North Dakota agriculture perform as a "champion" by providing economical, dependable year-round service.

## NORTH DAKOTA RAILWAY LINES

BURLINGTON  
NORTHERN

BOX 938 — BISMARCK, NORTH DAKOTA

9. ENTRIES OF LESS THAN THE ABOVE MINIMUM REQUIREMENTS WILL NOT BE ELIGIBLE FOR AWARDS.

10. The management reserves the right, and the judges are authorized to reject any exhibits which in their opinion are deemed to be undesirable or not properly exhibited or represented. Prizes will not be awarded to unworthy samples.

11. In addition to the cash awards, ribbons will be awarded for all placings and the judges may award merit ribbons to entries which do not place.

## Premium List

## State 4-H Division

1. All entries from a county must be approved by the County Extension Agent both with respect to:

- (a.) Exhibitor a 4-H Club member in good standing for the 1975-1976 club year.
- (b.) Entry grown and exhibitor enrolled in crops project during 1975-1976 club year.

2. All entries must be labeled to include:

Class - Lot Number - Kind and Variety - Name, Address and County of Exhibitor and 4-H Club Name. Use official entry tags which are available from county agents. All tags must be filled in completely.

3. All entries must be received not later than 10:00 A.M. Friday, March 5.

4. Transportation will be paid on 4-H entries which are expressed before February 25 to the:

4H Division. State Crops Show. Winter Show Building, Valley City, North Dakota. ALL SAMPLES BECOME THE PROPERTY OF THE NORTH DAKOTA WINTER SHOW AND WILL NOT BE RETURNED.

5. Classes open to 4-H exhibitors are the same as those for open class exhibitors. Use the same CLASS and LOT numbers given in the Open Class premium list. Be sure, however, to identify the proper division which will be 4-H.

6. All entries will be placed on a group basis — blue, red or white ribbons. A champion exhibit will be selected in each lot from the blue ribbon group. Award money will be as follows: Blue—\$3.00; Red—\$2.00; White—\$1.00.

7. Top blue ribbon winners will be eligible to compete and will be automatically entered in the open class competition.

8. 4-H Sweepstakes & County Merit Awards.

A county merit ribbon will be given to all counties who earn 25 points or more under a special point system which gives points for the top exhibit in each class from the county plus one point for each additional exhibit from the county. Points that can be earned are as follows:

4-H Champion or Open Class Placing.....	5 points
Blue.....	3 points
Red.....	2 points
White.....	1 point

Additional points will be awarded 4-H exhibits that place in the Open Class.

## State FFA Division

The general rules and regulations apply to FFA entries: In addition, the following special rules will apply:

1. Active FFA members, either in or out of school, are eligible to exhibit grain which they have produced as part of their supervised occupational experience program in vocational agriculture during the previous year. First year members and other members who did not produce grain as part of their supervised occupational experience program may prepare and exhibit **one** sample of grain produced on an area farm. FFA Chapters also are eligible to exhibit grain grown as a chapter project during the previous year.
2. All entries should arrive not later than 10:00 P.M. on March 4th. Instructors that do not register on the 4th must have entries in by 8:00 A.M. on the 5th. Entries that cannot be brought in may be sent express collect before February 25th. Address shipments to FFA DIVISION STATE CROPS SHOW, NORTH DAKOTA WINTER SHOW, VALLEY CITY, NORTH DAKOTA 58072.
3. All entries must be labeled to include Class and Lot Number, variety, and address of FFA member exhibiting and name and address of the FFA chapter of which the exhibitor is a member. Use the official FFA entry tag and sheet only and have it signed by the instructor.
4. All samples become the property of the North Dakota Winter Show and will not be returned.
5. All entries will be placed by groups (blue, red or white ribbon) according to merit. A champion exhibit will be selected in each lot from the blue ribbon group. Award money will be paid as follows: Blue, \$3.00; Red, \$2.00; White, \$1.00. Entries not suitable for display will be discarded.
6. Top blue ribbon entries automatically will be entered and judged in the open class competition.
7. Classes for FFA exhibitors are the same as those for open class exhibitors. Use the same CLASS and LOT number given in the Open Class premium list but identify as FFA DIVISION. Use the official entry tag on all FFA entries.

 Dale Greenwood, Livestock Producer, Cartwright, N.D.  
 Dan H. Gee, Animal Science Dept., SDSU, Brookings, S.D.  
 Carcass Judge: Bill Costello, Brookings, S.D.

### Entry Deadline

**ALL ENTRIES MUST BE MAILED IN — POSTMARKED NO LATER THAN DECEMBER 5th, 1975.**  
 Entry fees and certificates must accompany entries to make them official.

### Check-In and Check-Out

All halter, carcass steers must be in the Winter Show barns no later than Saturday, March 6th at 8:00 A.M. Backgrounded pens can arrive as late as Monday, 8:00 A.M., March 8th, and will be released immediately upon completion of the show Monday, except for the champions.

### Breed Clarification

Steers in both pen and halter divisions must be entered to show as straight bred or in one class for crossbreds and other breeds. Straight breeds must show typical breed characteristics including color pattern and be members of one of the six breeds presently participating in the Futurity Division of the Winter Show. These recognized breeds are: Herefords, Polled Herefords, Shorthorns, Angus, Charolais and Galloway. All policy to be enforced by Steer Show management.

# Combined Halter-Carcass Steer Show

This will be a terminal show and all steers will be slaughtered with the exception of the Junior Calf Class where it will be optional with the exhibitor to slaughter unless the calf wins Grand or Reserve Grand Champion, in which case the animal must also be slaughtered Monday, for carcass data evaluation. Data will be available Tuesday evening for the sale. All steers will be paraded for this class, so it is essential that they be trained to lead.

This year for the first time, the sale will be a carcass sale instead of an on-hoof sale. Steers sold must grade, at least, average good with a limit of 20 to be offered. Steer Show management will see that going market price is offered for all carcasses not in the sale. Sale order will be based on combined score from on-hoof and carcass placings. Supreme Champion, Reserve Supreme Champion, Halter Champion and Carcass Champion must all sell.

Halter-Carcass steers will be shown at 9:30 A.M. Sunday, March 7th and must be clean and presentable.

Provision is made for entries in the following classes:

Three (3) age classes listed below are provided for the six straight breeds listed under BREED CLARIFICATION and one class for Crossbreds and other breeds.

**Summer Yearling** — Born on or between May 1, 1974 and August 31, 1974. A steer entered as a summer yearling, but by mouthing is found to be too old, will not be allowed to be shown or sold at the Show. Minimum weight 1,100 pounds.

**Senior Calf** — Born on or between the dates of September 1, 1974 and December 31, 1974. Minimum weight 1,000 pounds.

**Junior Calf** — Born on or between January 1, 1975 and April 30, 1975. Minimum weight 800 pounds.

No animal can be shown twice in the Halter-Carcass Class. The steer must be owned and fed by the consignor, at least, 90 days prior to the Show.

The premiums offered shall be as follows in both Halter and Carcass Divisions for each of the above classes in the seven breed groups:

	1st	2nd	3rd	4th	5th
Summer Yearlings	\$25	20	15	10	5
Senior Calf	25	20	15	10	5
Junior Calf	25	20	15	10	5

Halter-Carcass Class steers will be weighed, tagged, and examined at 12 Noon, Saturday, March 6, 1976. A three percent shrink will be allowed for show purposes. EXAMPLE: If you enter a halter steer in the senior calf class according to the rules, it must weigh a minimum of 1,000 pounds. But, we realize that you may weigh the steer at home and it weighs 1,025 pounds, but by the time you get to Valley City, the steer may have shrunk to 980 pounds. The steer is still eligible for show because it is within the 3% allowed. In other words, a summer yearling can weigh 1,067 pounds; senior calf 970 pounds; and junior calf 776 pounds and still be eligible to show. However, this shrink is allowed for show purposes only. The steers will be sold on actual cold carcass weight as weighed on Saturday morning and no shrink will be taken for sale purposes. Sifting will be done, if necessary, to reduce the number of steers to not more than the best 10 head from each of the above seven breed groups.

## Champions by Breeds

Competition in the following classes is limited to first and second prize winners in the foregoing section for Galloway, Polled Hereford, Charolais, Hereford, Angus, Shorthorn and one class for Crossbreds and other breeds, but no second prize animal shall be entitled to rank higher than reserve in any champion class. No previous entry needed. Entries will be made by the ring stewards after breed premiums are awarded.

The champion will receive \$25.00 premium and the Reserve Champion will receive a ribbon in the above-named breeds.

## Champion Halter-Carcass Steer

Competition for Grand and Reserve Champion is limited to the Grand and Reserve Champions of the breeds.

**GRAND CHAMPION:** Ribbon and prize money to be determined by number of entries.

**RESERVE CHAMPION:** Ribbon and prize money to be determined by number of entries.

Special awards from State and National Breed Associations for Champion and Reserve Champion.

**GROUP OF THREE HALTER STEERS:** Must have been shown in individual halter classes and exhibited by one owner or family. Breed Champions and an Over-all Champion group will be selected. Premium to be determined by number of entries. There is no entry fee for this class.

In judging the carcasses, the following quality/quantity index will be used: A carcass must grade, at least, low choice to be considered for Grand Champion, additional credit will be given up to a choice plus grade, using a weight range from 600 to 750 lbs.; a penalty adjustment of eight tenths of a point for every 20 pounds over or under the recommended weight range. Quality as indicated by marbling, amount of cover and rib eye area will be considered and the report to the exhibitor will include such data on each steer.

## Supreme Champion Halter-Carcass Steer

The Supreme Champion Halter-Carcass Steer will be determined on the basis of highest combined placing for both Halter and Carcass Divisions.

**CERTIFICATION** — All entries must be accompanied by a bonafide certificate, signed by the exhibitor and breeder of the steer, indicating the breed of sire and breeder. Month of birth should be indicated, also.

**MOUTHING** — All steers will be mouthed by competent veterinarians, and will be appropriately tagged at the Show.

**SUMMER YEARLINGS** may have the 2 center temporary incisor teeth replaced by permanent incisors but permanent incisors must not be in use. The remaining 6 temporary incisors must be in place and there may be no evidence of eruption of any permanent incisors other than the centers.

**SENIOR CALVES** must have all 8 temporary incisor teeth in place. There may be no evidence of eruption of any permanent incisors.

**JUNIOR CALVES** must have all 8 temporary incisors firmly in place. There may be no evidence of eruption of any permanent incisors.

**TAMPERING AND MISREPRESENTATION** — Any artificial means of removing or remedying the physical defects of conformation in exhibition cattle, such as cutting ties or lifting and filling under the skin will be considered as fraud and deception. All animals giving evidence of such treatment will be barred from competition at the North Dakota Winter Show and forfeit all awards. Misrepresentation of the age of an animal will be considered in the same light.

A tie will not be regarded as a defect unless it is of such nature as to mar or injure what would otherwise be a prime carcass.

## Pen of Three (3) Backgrounded Steer Show

The North Dakota Winter Show provides classes for backgrounded feeder steers in the six breeds and one class for Crossbreds and other breeds as listed under **BREED CLARIFICATION** on page one. This gives the commercial cattle producer an opportunity to exhibit feeder cattle at this great show window event.

The Backgrounded Show provides an opportunity to advertise and gain recognition for top quality feeder cattle throughout North Dakota and the nation.

Backgrounded feeder steers will be shown by breed in three weight groups. Weight groups will be up to 700 lbs, from 701 to 800 lbs and from 801 lbs and up. The following judging procedure will be used: lightweight champions will be chosen by breed followed by an over-all lightweight champion. This procedure to be followed in each weight division. After all weight divisions are judged a breed champion will be picked for each breed. From the weight division champions, an over-all champion will be picked.

Pens will be judged by three judges who will not confer. Points will be earned on uniformity for the pen.

The North Dakota Mutual Aid Corporation will pay \$500.00 in the Backgrounded Pen Division. Over-all weight division champion will receive \$100.00, Reserve Champion will receive \$50.00 and the remaining \$350.00 plus, approximately, \$500.00 of North Dakota Winter Show money will be pro-rated to various weight class premiums. This will depend on the number of entries in the class.

In addition to the pro-rated premiums and special breed association awards, the North Dakota Winter Show will pay \$50.00 to the Champion and \$25.00 to the Reserve Champion in each weight group.

Pen Steers which have been exhibited at this Show may be sold in the auction or be consigned by the exhibitor to any recognized and cooperating marketing agency for sale.

## "Consenting Breeders Offer"

The following progressive purebred North Dakota cattle breeders make the following offer:

"If an exhibitor shows the progeny from one of my sires, I will award the exhibitor \$25.00 for showing. If the exhibitor should win Champion in his breed, I will award the exhibitor \$50.00. And, if the exhibitor should win Grand Champion Overall Breeds, then I will award another \$50.00. Steers must be bred and owned by one exhibitor."

# **LELY ROTERRA**

## **One Tractor. . . One man. . . One trip and Field work's done!**

Crop farmers throughout this area are discovering the profitability of owning a **LELY-ROTERRA**. It's the revolutionary minimum tillage tool that lets you till, incorporate and plant. . . all in one pass!

The unique rotary-tine action of the Lely-Roterra lets you prepare seedbeds just the way you like them in one trip. Interchangeable gears lets you match tine speed to tractor speed and soil conditions making other costly trips unnecessary. And when you combine spraying, tilling, incorporating, and planting all in one trip, you really cut down on field costs. You also lessen troublesome soil compaction.

Because soil is stirred and crumbled along its natural fault lines, soil structure remains as is. Top soil stays on top. . . moisture below. Your crops get off to an earlier start with a higher degree of germination.

The trailing Depth Control Roller maintains positive depth of the whirling tines while firming loose soil for a well-prepared seedbed. Your planter operates smoother, allowing for more precise placement of seeds.

And even the biggest, hardest clods "explode" under the whirling action of the roto-tines. From pure gumbo to hard clay, nothing stops the Lely-Roterra.

And with constant control of the tine depth, farmers report a better degree of chemical incorporation.

Your best buy in 1976 is Lely-Roterra. Figure show minimum cost of \$2.50 as a national average for working one acre with tillage equipment. If you farm 1,000 acres and save two trips. . . you cut field costs \$5,000. That kind of savings, plus better crop starts and likely better yields will make a Lely-Roterra your best equipment buy in 1976.

The livestock committee of the North Dakota Winter Show takes pride and pleasure in dedicating the livestock show to Paul Cripe, James Marshall and to the memory of the late Dr. Wire.

If the livestock show has had any measure of success, and we believe it has, it is due to dedicated people such as these three. They have spent hours, days, weeks and years of their time to further the livestock show and to better the livestock industry in general in North Dakota. This 1976 livestock show is hereby respectfully dedicated to these two outstanding individuals and to the memory of Dr. Wire.

Mr. Paul Cripe, Amenia, North Dakota, has been active in the hog business for 35 years. He raises Chester White Swine in partnership with his son near Amenia, North Dakota. He has shown swine at state fairs and winter shows throughout the Mid-West, and has shown stock at the National Barrow Show in Austin. He has judged swine at Crookston Winter Show, Ada Fair, South Dakota State Show and Sale at Madison; also, at the National Spotlight Chester White at Cedar Rapids, Iowa.

Mr. Cripe served as National Chester White Director from 1954 to 1957. He has been a director on the Red River Valley Fair Board since 1943, and has been on the sales committee at the North Dakota Winter Show several times. He was also a member of the North Dakota State Fair Board since its beginning until the fall of 1974. He was selected man of the year by the North Dakota State University Saddle and Sirloin Club in 1965. In 1962, Mr. Cripe was given the Special Service Award from the Chester White Swine Record Ass'n of the United States. He was the first man from either of the Dakotas' to receive such an award.

Mr. James Marshall, Oriska, North Dakota, is modest and quiet, but always smiling and friendly as he goes about the activities of building a stronger North Dakota Winter Show.

James Marshall was born in Barnes County and was raised on the Marshall Stock Farm whose activities he now directs with the help of his wife Leona and their children. No stranger to honor, Jim is recognized as a national authority concerning Columbia sheep. He has served for many years both as a director and also as president of the Columbia Sheep Breeders Ass'n of America. Jim also has the distinction of being honored as "Columbia Sheepman of the Year" in recognition of his contributions in the development and promotion of the breed. Jim is a devoted family man who is active in his local community and works devotedly in his church. Stop and visit with Jim Marshall as he directs the activities of exhibiting the Marshall Stock Farm Sheep. Your life will be richer and better in knowing one of the solid livestock men who provides the foundation upon which the Winter Show rests.

The late Dr. Donald A. Wire served as an official veterinarian at the North Dakota Winter Show from 1943 until his death in 1973 during the time he was practicing veterinary medicine in Valley City. For several years he served alone as the official veterinarian besides taking care of his regular business. During his 30 years of service to the Show, he met and worked with livestock people from all areas of the state. His judgement and service were respected by all who knew him.

Dr. Wire graduated from Colorado State University with a degree in Veterinary Medicine in 1940. He worked for the Department of Agriculture at NDSU until May of 1942, when he moved to Valley City. He was President of the North Dakota Veterinarian Ass'n., and a 25-year member of the American Veterinarian Medical Association. He was active in church affairs, the Elks Lodge and the Valley City Country Club.

N. Johnson.**

#### **LIVESTOCK ADVISORY COMMITTEE**

The North Dakota Futurity and Livestock Division of the North Dakota Winter Show has long been governed by a Committee composed of representatives of the state beef cattle, swine and sheep breed associations. These men attend meetings regularly, giving freely of their time and energy to insure the continued growth of this, the state's leading livestock show.

The North Dakota Bull and Heifer Futurity continues to be a powerful stimulus to breed improvement. The active participation of large and small breeders of each of the six breeds from all parts of the state indicate the acceptance of this show window of the North Dakota Cattle Industry.

The record, listed below, indicates the balance of the breeds that has been maintained, during the years. This year's entries are consigned by 133 breeders.

Year	Shorthorn	Hereford	Angus	Polled Hereford	Galloway	Charolais	Total
1947	79	100	79				258
1948	80	115	71				267

# 1976 Judges

**Russ Danielson**, Fargo, N. Dak., will judge the Galloway Show. Russ was born and raised on a farm near Valley City, N. Dak. He received his B.S. & M.S. degrees at North Dakota State University. He was a member of the Junior and Senior Livestock Judging teams, has been a member of the Animal Science Staff at NDSU since 1964, was beef herdsman for the University for six years exhibiting many champions at various shows; he is responsible for farm operations, assists with beef research, teaches and coaches judging teams. He has judged many shows in and out of state.

**Odell Gelvin**, Manager, Ogeechee Farms, Fairland, Oklahoma, will judge the Polled Hereford Cattle. Mr. Gelvin is a native of Oklahoma and has spent 28 years in the cattle business. He has been manager at Ogeechee for 10 years, herdsman at Northern Pump Co., Illinois, for 10 years, has served at three National Polled Hereford Shows, judged at the Palermo Show in Buenos Aires, Argentina; also judged at Denver, Ft. Worth, San Francisco, several state and regional shows.

**Arnold Wienk**, purebred Charolais breeder, Lake Preston, S. Dak., will judge the Charolais Show. Mr. Wienk was born at Lake Preston, and graduated from Lake Preston High School. He serves as director of area 5 for the National Charolais Association; South Dakota Charolais Association and Cattle Reproduction, Inc. Arnold has judged several shows, received Outstanding Young Farmer Award, Who's Who in Young Men of America and Soil and Moisture Conservation Award. He and his wife have five daughters.

**Alfred Meeks**, Upstream Ranch, Taylor, Nebraska, will place the Horned Herefords. Mr. Meeks was born in New Mexico, received his education there and moved to Nebraska in 1955. He is a past director and president of the Nebraska Association; was a director of the AHA from 1969 through 1975, serving as its president in 1973. Upstream had the leading show string in the U.S. from 1970 through 1973 based on Register of Merit points. Mr. Meeks has shown many champions including never being defeated in best ten head for a 3-year period. He had judged many shows including State and National.

**George W. Strathearn**, Manager, California Beef Council, Burlingame, California, will judge the Angus Show again this year. Mr. Strathearn graduated from California State Polytechnic University with a major in Animal Science in 1950. Presently incorporated with brother in ranching in California. They have 800 cows, 500-1000 yearlings and 1000 head capacity calf condition feedlot. George has served as manager and held office in many major organizations, participated on many panels and judged beef breeding cattle and steers at all major shows in the U.S.

**Harold Arendt**, A&J Cattle Co., Highmore, S. Dak., will judge the Shorthorns and Polled Shorthorns. Mr. Arendt was born and raised on a livestock farm in North Dakota. He served in the Armed Forces and since then has managed several ranches. Harold and his wife have 13 children. Their five sons have many trophies to show from their 4-H work including showing the Grand Champion steer at the International in 1968, and the champions at the National Western Show in Denver in 1972 and 1974. Harold has judged many State and National shows.

1975 CHAMPION ANGUS BULL — ALLEN E. OPP, NEW SALEM, N.D.

## American Angus Association Premiums

The American Angus Association, Lloyd D. Miller, Executive Secretary, 3201 Frederick Boulevard, St. Joseph, Missouri, will pay 20% of the total premiums of \$5.00 or more offered for Angus Breeding Classes. The Associations contribution will be paid directly from their office to the exhibitors.

Exhibitor must have the original **registration certificate** on each animal available for inspection at the Show.

**UNETHICAL FITTING:** All Aberdeen Angus entries are subject to the provisions of a rule of the American Angus Association entitled "Eligibility, Conformation, and Structure of Animals Presented for Exhibition" effective November 21, 1960. Any animal not having a legible tattoo is ineligible to compete and will be barred from showing.

# "that big round yellow baler"

The new low-cost Vermeer 605D hay baler is completely new in design utilizing the uni-body principle of construction. This design makes the machine lightweight, yet strong. Another cost-saving feature is the development of a simplified drive for both upper rollers and platform rollers. Along with the simplified design, standard bearings, sprockets, and chains are used on the new unit, allowing operators to handle their own service easily. We call it the Vermeer one-man system!

CUT YOUR RAKING TIME IN HALF!

Time means money during hay harvesting and the Vermeer R-21 Twinrake is just what you've been looking for. You drive less than half as much compared to conventional rakes. Windrow width can be adjusted from a single windrow to a big six foot wide twin windrow.

BALE UNROLLER

New for 1976! Designed for use as a bale carrier during hay harvest season, this unique three-point attachment also serves as a bale unroller, laying down a blanket of hay for convenient wintertime feeding. Fits any standard three-point hitch.

# North Dakota

## Junior Futurity

### Purposes of the Junior Futurity

1. To encourage farm boys and girls so inclined to establish the foundation for a future purebred herd.
2. To give such boys and girls competent assistance in securing high quality heifer calves.
3. To provide an incentive to do a good job with the calves, to secure the advantages of friendly competition, and to furnish inspiration to members and show spectators by providing for a state-wide showing of the calves.
4. To interest county extension agents, agricultural instructors, livestock breeders and others in helping members with care, feeding and breeding problems.
5. To promote better-paying cattle production in North Dakota.

### 1976 Rules and Regulations

1. Membership in the Junior Futurity is open to 4-H Club members and FFA members enrolled in beef breeding projects in North Dakota. To be eligible, a member must be nine years of age and not have passed his 19th birthday.
  - a. When a Junior Futurity member has won a Grand or Reserve Champion award with any breed twice, the member is no longer eligible to show in the Junior Futurity, except the progeny from previous Junior Futurity heifers, but is encouraged to show in the Senior Futurity.
  - b. Junior Futurity member must show his own animal unless he has received prior approval from the Junior Futurity managers to use a substitute to show his animal.
2. To be eligible for exhibition in the Junior Futurity state show, the animal must:
  - a. Be a purebred animal (male or female) and must have been bred by the member or by a North Dakota breeder or purchased in dam.
  - b. Be in possession of the member by December 1, 1975.
  - c. Hereford, Shorthorn, Angus, Polled Hereford, Galloway must have been born on or before April 30, 1975 and on or after March 1, 1974.
3. Progeny from Junior Futurity heifers of past years may be exhibited.
  - a. Female progeny may be entered in the regular Junior Futurity classes for heifers.
  - b. Male progeny may be entered in a Jr. Futurity bull class. To be eligible they must meet age requirements the same as stated in item 2c.
4. Each Jr. Futurity exhibitor may enter two animals (one heifer and one bull) with provisions to enter additional animals provided they are progeny from previously shown Junior Futurity animals.
5. All entries in the Junior Futurity classes must be accompanied by an entry fee of \$1.00  
FFA entries must be approved and signed by the Vocational Agriculture Instructor by December 1, 1975.  
4-H entries must be approved and signed by the County Extension Agent by December 1, 1975.
6. Registration papers showing that ownership of entry is recorded in the member's name only, are to be presented by members to the Junior Futurity managers, prior to the Junior Futurity.
7. Members are expected to care for, feed and water, fit and show their own calves and to keep satisfactory project records.

# Pictures For Blue Ribbon Winners

The North Dakota Futurity and the North Dakota Winter Show Sales, will have a professional livestock photographer on hand to take pictures of the calves and members placing in the blue ribbon group. These pictures will be suitably framed and inscribed with the name of the winner and the record of his blue ribbon placing. Pictures will be taken immediately following presentation of ribbons.

## Group Stall Award

A plaque and cash award will be presented to the Junior Breed Association that has the best appearing stall area. The North Dakota Winter Show will sponsor the plaque and also award a ribbon to each individual exhibitor within the winning group. Each State Breed Association presented in the Junior Futurity Show will contribute \$10 to be awarded to the winning Junior Association. Judging will take place between Saturday noon and Tuesday noon and will be based on daily cooperation, neatness, decoration, cleanliness and grooming.

## Judging Procedure

Animals are to be judged in their respective classes and lined up according to their placing.

In addition, to make the event more educational for the young exhibitors, the judge of each breed will be requested to designate (1) calves considered highly desirable for foundation animals in the establishment of purebred herds; (2) calves somewhat less desirable for foundation animals yet satisfactory for the most part; (3) calves more or less unsatisfactory for foundation animals.

The judge will select from group number one animals that he feels will make a creditable showing in the Senior Futurity. These calves win the right to show in their respective age groups of the Senior Futurity without payment of entry fees. The owners of these calves are eligible to win any premium money offered in the Senior Futurity.

The judge will designate the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed.

Premiums will be paid on a graduated basis.

## Junior Futurity Premiums

A total of \$500 is made available by the North Dakota Winter Show for cash premiums in the Junior Futurity. This purse is split among all exhibitors in varying amounts depending upon placing won. In addition, each exhibitor wins a ribbon. The amount of the individual cash premium hinges on the number of animals placing in each group. Thus, until the judging is complete, the individual awards cannot be determined by the Futurity managers.

## Union Stockyards Livestock Marketing Agencies Plaques

Beautiful plaques will be awarded to Junior Futurity members having the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed. Only purple ribbon winners will be eligible. These plaques are being awarded by the Union Stockyards Company and the commission firms at West Fargo, namely: Central Livestock Association, Dakota Livestock Commission Company, Farmers Union Marketing Association, McDonald Livestock Commission Company, Montgomery & Sons.

## NEW PRODUCTS FROM "ROWSE"

A New three yard dirt scraper that is wider than the average tractor. Yet most soils can be loaded with a 50-60 H.P. tractor.

Can be hooked in tandem to haul 6 yards and still use small H.P. tractors.

Also ask about our new quick attaching Double Nine Mower. Available with either 2-7' or 2-9' bars. Mow in the morning and use the same tractor to rake with in the afternoon.

Stop at our booth 50-C and see how "Rowse Haying Equipment" can save you time in the field and at a far less cost per ton and acre.

Movies shown of equipment in action.

## SSR Pump Company

Pumps illustrated are of high capacity, used for a variety of pumping needs, such as flood irrigation, construction job sites or wherever a large volume of water has to be moved.

The pump will operate in any depth of water, and reduces the depth to approximately 3 inches.

This pump is capable of producing approximately 6,000 gallons of water a minute and forcing water to 3,000 feet. The pump does not need any suction pipe and is capable of pumping 3,000 gallons of water a minute at a 50 foot lift using 300 feet of 12 inch rubber hose.

Either a 540 or 1000 R.P.M. PTO tractor can be used merely by changing the gear box on the pump. Horse power required — 50 to 100, depending on the height of lift. Pump may be raised or lowered hydraulically.

"BASED ON CURRENT INFORMATION AVAILABLE WHICH INCLUDES THAT ON FILE AT THE AMERICAN HEREFORD ASSOCIATION, NONE OF THE PEDIGREES IN THIS CATALOG INCLUDES KNOWN, REPORTED DWARF CARRIER ANCESTORS."

--Clint Kopp, Secretary

# Terms and Conditions

Each animal will be sold to highest bidder without reserve. Cow with calf at foot regarded as a single unit, unless otherwise announced.

Any disputes as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal as soon as sold will be at the purchaser's risk, but will not be delivered until settlement has been made.

Animals sold will be fed and cared for free of charge until the day after the sale — but at the purchaser's risk and will be turned over to the purchaser or loaded on cars for shipment as he may direct.

## **TERMS—CASH—Unless otherwise arranged prior to the sale.**

With cattle of this age limit, it is considered that the purchase is more responsible for their future usefulness than the breeder and that a breeder is relieved of all responsibility after a sale is completed. However, every possible precaution is taken to eliminate individuals with any known defects, and to assure that bred females are with calf. The entire offering will be sold at the halter and any further guarantee will be between buyer and seller.

The following guarantee is recommended for the buyer and seller:

1. All claims should be submitted in writing to the seller within six months.
2. In the case of bulls, the buyer shall give the bull an adequate trial and have him inspected by a veterinarian at buyer's expense.
3. Seller shall have privilege of trying bull after his return before making any adjustments.
4. Any guarantee is void if there is evidence of improper management in caring for the animal.
5. Seller will have the privilege of replacing with an animal of similar quality and breeding or refunding the purchase price of the animal.
6. The above guarantee is between the individual consignors and the buyer of each lot. The North Dakota Hereford Association assumes no liability, legal or otherwise, but will help in every way possible to make adjustments should it become necessary.

All cattle entered have been tested for Tuberculosis and Brucellosis. Cattle purchased by out-of-state buyers will have health certificates to meet requirements.

\*\*\*\*\*

**MAIL ORDERS** — For those unable to attend, buying instructions may be sent to Clint Kopp, Box 797, West Fargo, Sale Manager, or other representatives.

## Please Note:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for 1975 bull calves, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1976 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

At Melroe, putting it all together means solving problems. Agricultural and industrial problems. Our company began with one product designed to solve problems for our friends and neighbors—right here in North Dakota. And, as our line grew we kept trying to build certain qualities into our products which would benefit our customers.

Versatility is one of these qualities. We want our products to be able to perform more than one useful function. That saves our customers the cost of buying a number of "one-job" pieces of equipment.

Durability is another. We want our products to last. A good machine is good only as long

# Melroe Puts It All Together

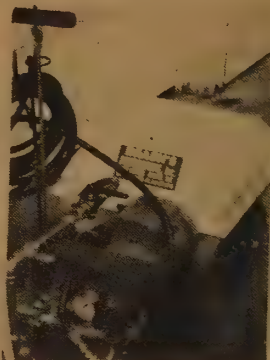

as it's working well. We think our reputation for reliability has a lot to do with the fact that our labor force is almost entirely North Dakota bred and born. North Dakotans are known for doing a job right . . . the first time. And if there's a maintenance problem, our service department is there to help.

Melroe is still trying to "put it all together" to help solve equipment problems for North Dakotans. But because our markets have grown rapidly, Melroe equipment can now be found almost anywhere in the world, and that's providing us with a whole new list of materials handling and farm production solutions to work on.

**BRAUN'S Pressure Washer** out performs what others promise. Here's why. 1,000 PSI at temperatures up to 180 degrees. 1,000 to 1 metering. Unloading valve is full unloading type. NINE LIFE CAT Pumps or HYPRO Pumps, ELECTRIC or GAS, Custom built to your specifications. We have models ranging from 500 PSI to 1,000 PSI, also. PALCO cattle handling equipment, Stock trailers, Cattle oilers, mineral feeders, waterers, Korlon Insecticide Oil, car wash and degreasing soap. See our display in the Winter Show Building, across from the lunch room.

## Terms and Conditions

Each animal will be sold to the highest bidder without reserve. Any dispute as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal, as soon as sold, will be at purchasers risk but will not be delivered until settlement has been made.

Terms: cash, unless otherwise arranged prior to the sale.

The cattle offered for sale are sold under terms and guarantees recommended by the American Polled Hereford Association with references to health, freedom from defects, reproductive unsoundness, and freedom from specific genetic unsoundness. The recommended refunds or adjustments will be made in case animals fail to live up to seller's guarantee.

All guarantees will be between seller and buyer.

## Please Note:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for 1975 bull calves, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1976 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

Solberg, Arnold M., Fargo, 58102 .....	214, 217	

## Please Note:

"Upon recommendation of the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for 1975 bull calves, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1976 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

## Terms and Conditions

**BIDDING:** Each animal on which there are two or more bids will be sold to the highest bidder.

**TERMS:** Terms of sale are cash and settlement must be made immediately after the completion of the sale.

**DISPUTES:** The Auctioneer will settle any disputes as to bids and his decision on such matters shall be final.

**HANDLING:** As their sale is affected, all animals will be maintained at the purchaser's risk.

**BREEDER'S GUARANTEE:** All animals sold are guaranteed breeders. Females accompanied by a certificate from a licensed veterinarian, as evidence of being pregnant, are considered breeders. Any bull sold, that has failed to prove itself a breeder after having reached the age of fifteen (15) months and subsequently been exposed to sound breeders for a period of three (3) months, may be returned to the Seller at the Buyer's expense. In such case, it is the responsibility of the Buyer to immediately notify the Seller of the particulars in writing prior to the return of the animal. Results of fertility tests will be accepted only after bulls reach eighteen (18) months of age. The Seller reserves the privilege of trying for at least six (6) months to prove the animal in question is a breeder. If the Seller is successful in proving the animal in question a breeder, then said animal will be reclaimed by Buyer at his expense. Should the Seller fail to so prove the animal a breeder, then the Buyer is guaranteed a satisfactory replacement, f.o.b. ranch of origin, or a refund of the actual price paid, f.o.b. selling point. In no case will the Seller be responsible for more than the actual purchase price.

**ANNOUNCEMENTS:** From the Auction Box will take precedence over printed matter in this catalog.

**LIABILITIES:** All persons who attend the sale do so at their own risk and the Owner and Sale Manager assume no liability, legal or otherwise, for any accidents which may occur.

**SHIPPING:** Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**HEALTH:** The Seller will have each animal tested for tuberculosis and brucellosis no sooner than thirty (30) days prior to sale date, and only animals shown to be free from any such diseases will be permitted to be sold and proper certificates will be furnished to purchaser guaranteeing the animal sold to be free from any such disease. Animals officially calfhood vaccinated for brucellosis and not over twenty four (24) months of age, are exempt from test.

**CONTRACT:** The above terms and guarantees shall constitute a contract between the Buyer and Seller of each animal sold.

## Please Note:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for 1975 bull calves, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1976 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

## Standard Guarantee

Standard Guarantee Recommended by the American Shorthorn Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase or by the time the bull is 20 months of age if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or sale in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open but settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service date.

Walter E. Johnson & Sons, Courtenay		

## Please Note:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for 1975 bull calves, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1976 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

**SUGGESTED  
SALE TERMS AND CONDITIONS  
AMERICAN ANGUS ASSOCIATION  
June 16, 1975**

**BIDDING**

1. Each animal will be sold to the highest bidder without reserve. The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

**TERMS**

1. Terms of sale are cash unless satisfactory credit arrangements have been made with vendor previous to sale.

**PURCHASERS RISK**

1. Each animal becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment or until the expiration of (48) hours after the sale, whichever occurs sooner.

**CERTIFICATE OF REGISTRY**

1. A transferred certificate of registry will be furnished to the purchaser for each animal within (45) days following date of sale.

**HEALTH**

1. All animals are eligible for interstate shipment; except as otherwise announced. Interstate health papers will be furnished for each animal requiring T.B. and Bangs tests in accordance with Federal Regulations. A certificate of vaccination will be furnished for each animal that has been vaccinated for Bangs disease.

**A. 1. SERVICE CERTIFICATES**

1. A. 1. Service Certificates shall be furnished by the seller, at no cost to the buyer, for all females bred artificially to bulls not owned by the seller.

**ANNOUNCEMENTS**

1. Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

**BREEDING GUARANTEE**

1. All animals are guaranteed to be breeders, with the exception of: a) Calves under twelve months of age; b) Animals shown by purchaser after sale (in cases of animals shown after purchase the breeding guarantees, if any shall be such as agreed upon between the seller and the buyer); c) Injury or disease occurring after sale; d) Gross negligence or willful misconduct on the part of the purchaser.
2. Bulls are guaranteed breeders if not allowed to run with the herd until at least 18 months of age. Any bull which either 1) settles  $\frac{1}{4}$  or more of the healthy cows he serves; 2) is the sire of 20 or more animals; or 3) settles cows by natural service and passes a fertility test made by a competent veterinarian during any 6 month period of trial (provided for in paragraph 2 of the section of these sales terms and conditions entitled "Option and Privilege of Return and Adjustment") shall be considered a breeder. Any guarantee with respect to the ability to freeze semen shall be by separate agreement between the buyer and seller.
3. **Safe in Calf Females** have been examined by a competent veterinarian and are so guaranteed.
4. **Served Females** are believed to be in calf but are not so guaranteed.
5. **Pasture-bred females** have been exposed but are not guaranteed to be in calf.
6. **Open females** have not been served and are so guaranteed.

**IDENTIFICATION**

1. Each animal sold shall have a readable tattoo corresponding to its registration.
2. In those cases where a nickname is used, it shall be accompanied by the official registered name and number of the animal.

**OPTIONS AND PRIVILEGES OF RETURN OR ADJUSTMENT**

1. All claims for adjustment or refund must be made in writing either within six months of the sale date or no later than six months after the animal reaches 18 months of age, with the exception of claims involving dwarfs or misrepresentation of service sire.
2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the seller if in good condition and complying with the health requirements of the seller's state. The seller shall be entitled to six months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months the seller is unable to prove the animal a breeder, the seller shall, at the option of the buyer, replace the animal with another of equal value or refund the purchase price. The return of the full purchase price, shall in any case be deemed full satisfaction and settlement. Any expense incurred for transporting an animal claimed to be a non-breeder shall be the responsibility of the purchaser, except that the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expense incurred for transportation.
3. If a female sold as "safe in calf" proves not to be in calf, the purchaser may receive service from the bull previously used, if available, or if the bull is not available, the seller shall be obligated to make satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any adjustment provided for herein shall absolve the seller from further liability, except in case such female proves to be a non-breeder. If a female represented as "safe in calf" at time of sale to a certain bull proves to have been bred to a different bull, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller (adjustments shall not be considered to be a breeding fee or an allocation of the purchase price to any unborn calf). Any expense incurred for transportation shall be the responsibility of the purchaser, except that the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place.
4. If a female sold as "served" proves not to be in calf, the purchaser may obtain service from the bull previously used, or if not available, then the purchaser may obtain service from any other bull owned by the seller. Any expense incurred for this service shall be agreed upon between purchaser and seller.
5. If a female sold as "pasture-bred" proves not to be in calf, the purchaser may return such female to the farm of the seller at the purchaser's expense to be served to the bull previously used, if available, or to any other bull made available by the seller that is acceptable to the purchaser.
6. If a female sold as "open" proves to be with calf, the purchaser may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the purchaser. It shall be the obligation of the seller to bear any expense incurred for transportation.

**RIGHTS AND OBLIGATIONS**

1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.
2. Neither the Association, the sale manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.

Gladmere 1 Lad was a top performance bull himself and his calves are also. One son had an actual 193 day weight of 600 lbs., and an adjusted weight of 729 lbs. The top selling bull in Henry Biels sale this year was out of a daughter of Gladmere 1 Lad. Bar Heart Windom 96A was a 7/8 brother to "Winton". Atomic Erica 4 was champion sale female at the 1970 Winter Show. This heifer should develop into a top brood cow.

H H Marshall Pride 442 is a bull everyone will want to see. He had an actual weaning weight of 610 lbs. and is out of a real tall, long, modern cow. 442 stood third in a class of 26 calves last year at the N.D. Winter Show and was in the same class as the Champion Angus Bull. He is an exceptionally long bull and is indeed a real herd bull prospect.

# JUDGE: Gary Testroete

Sioux Center, Iowa

Mr. Testroete, Suffolk breeder, is one of the most sought after young judges in America today. Gary has judged throughout the United States and has also bred and produced numerous champion Suffolks at state fairs and in International competition. We are fortunate to have Mr. Testroete as judge for the 1976 Winter Show.

## Sales Terms and Conditions

- Each animal will be sold to the highest bidder without reserve.
- All animals must be paid for in cash on the day of the sale.
- Animals are at owners risk as soon as purchased in the sale-ring but will be cared for, for a reasonable length of time.
- All animals will be transferred on the books of the respective Registry Associations in the name of the purchaser and without cost to him.
- Buyers may obtain a copy of the health certificate at no cost to them from the clerk before the animals are removed from the sale barn.
- Breeding dates given in catalog for gilts, or as announced from the block are as accurate as the owners can provide. Claims referring to animals proving not to have been bred must be filed with the seller within one week following stated farrowing date. Gilts showing with pig in the ring are sold without recourse.
- The North Dakota Swine Exhibitors Association and the Winter Show act as agents for buyer and seller only and accept no responsibility for the animals.
- All gilts must be Brucellosis tested.
- All gilts sold meet all North Dakota Livestock sanitation rules and all have a health certificate, allowing them to be shipped out of state.
- Any gilt which farrows during the show will forfeit all premium money and will be disqualified from the sale.
- Mail order bids may be sent to the Sale Committee Manager, Valley City, North Dakota.
- Gate orders will be issued for all animals purchased.

Adults ..... \$1.75  
Student (under thirteen) ..... \$ .75

Season tickets will be honored at all events with the exception of the Ladies' Luncheon

a waterer  
system requiring  
no gas, no electricity

Ground temperature of  
water keeps it flowing

## The Energy-Less Waterer

The heavily-insulated, self-sealing **MiraFount** livestock waterer keeps water earth temperature in extreme hot and cold weather without using costly energy!

Animals thrive on the cool, pure, fresh water that springs from a **MiraFount** and they gain 15 per cent faster to prove it.

It works on the "thermos jug" principle, sealing out the weather with a 4-inch jacket of insulation which completely surrounds the water supply tank, including drinker hole "corks."

The only time the weather can get at the water supply is when an animal is drinking.

(See it in Booth 8, N. C. Armory)

Even then only a 12-inch opening is exposed to the elements.

Farmers are installing these phenomenal waterers everywhere without electrical connections or gas lines, saving up to \$100 a year in energy costs.

### MiraFount.

Manufactured under  
U.S. Pat. No. 3,745,977 and others pending

Miracle Equipment Company  
AGRICULTURE DIVISION  
Grinnell, Iowa 50112

## Don't Plant Old Seed

You owe it to your family and yourself to  
get the best return from your crops.

Plant A Seed With A Pedigree  
NORTH DAKOTA CERTIFIED SEED  
"PROGRAMMED FOR PROFIT"

Winter Show Livestock Sale in Progress

## Acknowledgement

The Board of Directors and management of the North Dakota Winter Show would like to take this opportunity to express their appreciation to the Livestock Exhibitors, Commercial Firms, Press, Radio, Television and all individuals for their assistance in helping stage this Annual Show.

We feel that without the help of these people it would be very difficult for us to carry out our obligations, which are to promote all North Dakota industry, the breeding and feeding of better livestock and the growing and selection of better strains and purer varieties of seed grain.

# "You can still book farm money in advance."

## Production Credit Associations of North Dakota

Some manufacturers of critical farm materials no longer offer preseason bookings. But your Production Credit man can still provide a finance program that features similar benefits.

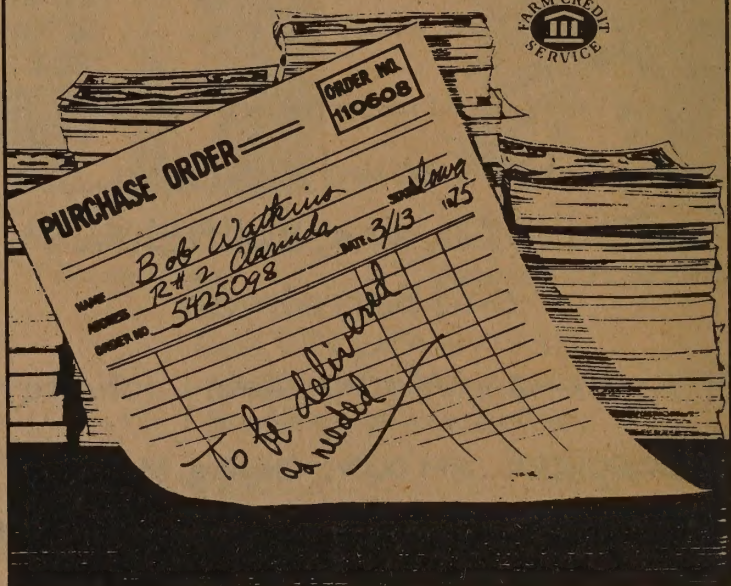

Drop in and talk about a line of credit tailored to your future needs.

The money could be at your disposal on a get-it-as-you-need-it basis. And you'd start paying only when you begin using the money.

You owe it to yourself to find out complete details on PCA financing.

The go ahead people

## Electronic Computerized Weighing System and Ring Scale In Action At West Fargo Stockyards

## West Fargo Offers You—

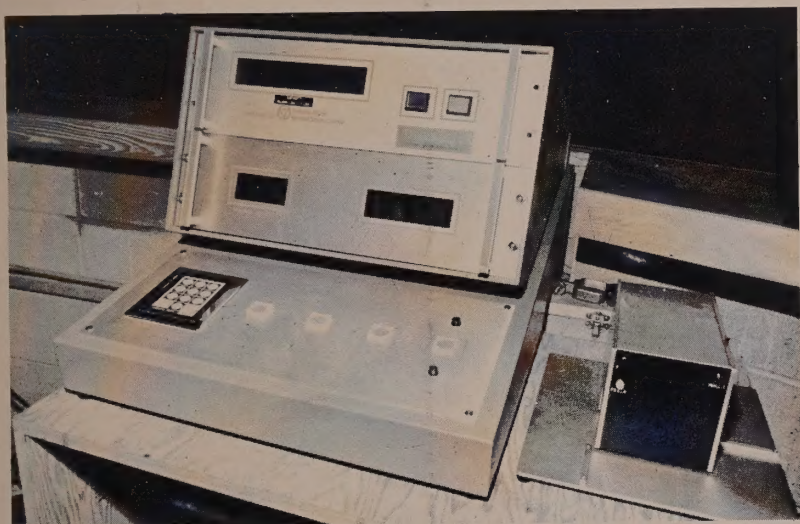

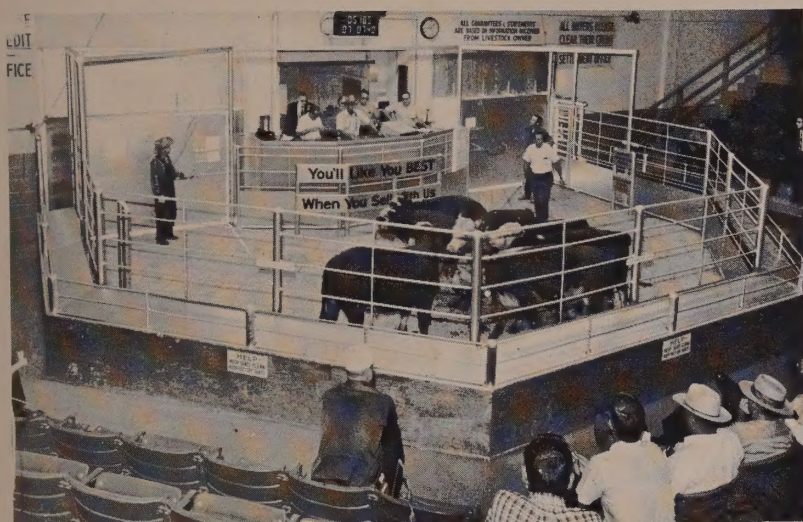

"Computerized Ring Scale With Instant Average Weights."

**CHECK YOUR NEXT CHECK FOR NET RETURNS...**

**That Is What Makes The Difference — Not The Price Quoted!**

**You know that in livestock growing and feeding, it's the net return that makes the difference between profit and break-even.**

Pictured below is the West Fargo ring scale and weighing system with cattle on the scale. The computer shows total weight, head count, and average weight.

Pictured above is the Fairbanks Morse Digiweigh Console, the heart of the weighing system at West Fargo. The new system is designed and streamlined to sell more head with less handling in less time and space.

# Hello Dakotas. We're your new neighbor.

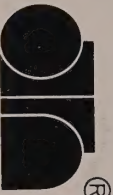

**And We're Glad To Be Here.**

Our new factory in Mandan is now complete and we are ready to serve your needs for quality homes.

We realize that midwesterners are more quality conscious than the average American. So, we build homes for you — homes designed to withstand the stresses a northern climate can place on a house.

Visit our booth during the  
North Dakota Winter Show and see for  
yourself the "Dynamic differences."  
Our Builder/Dealers are highly skilled in  
handling your entire housing needs.  
Contact the one nearest you.
